YOUR SUPPORT HAS MADE A
difference.

Each day, Baystate Health team members take care of hundreds of patients. These are individuals from our community – they’re our family, friends, and neighbors. Each gift you make to Baystate Health Foundation makes a difference in their lives.

In 2018, thanks to you, we were able to open a new emergency department at Baystate Wing Hospital, a more accessible entrance to Baystate Noble Hospital, and an enhanced oncology unit at Baystate Mary Lane Outpatient Center.

More than $600,000 was raised during the 25th anniversary of Rays of Hope Walk & Run Toward the Cure of Breast Cancer to help future generations grow up in a world without breast cancer. Our Acute Care for Elders Program at Baystate Medical Center received your support, which led to a community room that provides comfort for patients and their families, and we cut the ribbon at our new Pediatric Procedure Unit – a space where our young patients receive the care they need in a space that is fit for them.

We could not have done it without you.

When you make a donation, attend an event, or pledge your support, your actions are felt by each patient who walks through our medical facilities.

You allow us to advance care and enhance lives. And for that, we are so thankful.

Thank you for choosing to support your local healthcare organization. Thank you for helping us provide compassionate care to our patients. Thank you for being a friend to Baystate Health.

Your generosity fuels our excellence.
Your gift made a difference.

Here are some ways your gift to Baystate Health Foundation made an impact at Baystate Health in 2018.

- **Shortened wait times** at Baystate Wing Hospital by creating a new, larger, state-of-the-art emergency department

- **Welcomed patients and families** into a new, modern and accessible main entrance at Baystate Noble Hospital and added a second CT scan in the emergency department

- **Supported nurses who received additional training** to better lead their teams

- **Improved outcomes for elderly patients** in our Acute Care for Elders program by providing multisensory equipment, which reduces stress and keeps patients engaged in the wellness process

- **Allowed sick children more freedom** with kid-sized, portable monitors that track their heart rhythms and cardiac symptoms throughout the day

- **Helped mothers relax and experience less labor pain** by installing a hydrotherapy tub at The Birthplace at Baystate Franklin Medical Center

---

**welcome,**

**Dena!**

Dena M. Hall, who served as vice chair for Baystate Health Foundation for the past two years, succeeded Jean Deliso as the Foundation’s chair in January 2019.

“Jean has left an indelible stamp on the Foundation over the past two years, and we are incredibly proud of all that we’ve achieved together under her leadership,” said Scott Berg, vice president for philanthropy for Baystate Health and executive director of Baystate Health Foundation. “We are grateful for the gift of Jean’s talents and thrilled that she will be passing the baton to someone as accomplished and committed as Dena.”

Hall is executive vice president, chief marketing officer for Hometown Financial Group and its bankESB banks, based in Easthampton, Mass., and bankHometown, based in central Massachusetts.
A pinky promise to the community

Each year, Rays of Hope brings more than 20,000 people together to walk, run, and support one another in the effort to find the cure for breast cancer. Behind all of the pink, the excitement, the hugging, and the tears, two women look out over the crowd and take a thankful sigh.

Their smiles are contagious. Their hearts are huge. They are Lucy Giuggio Carvalho and Denise Jordan.

Lucy is the founder of Rays of Hope and Denise is the 2018 and 2019 chair of the event. Both women are survivors and serve as lighthouses in a sea of what can sometimes feel like darkness to those battling the disease.

“It takes on a different meaning that I’m talking about an organization that I’m not just an ambassador for – I’m a recipient of its care and services,” shared Denise, who was diagnosed in 2014.

For Lucy, it’s been 25 years of the community coming together for this cause. In 1994, recently diagnosed and inspired by the AIDS Walk & Run Boston, Lucy wanted to make a difference for those whose lives had been impacted by breast cancer in her community.

“It’s a life’s work,” Lucy shared. “I wanted to do something for our community – for the people who live here.”

“The money stays right here,” added Denise. “Everyone knows someone who has been impacted by breast cancer. If you’ve contributed to Rays of Hope in some form or fashion, you’ve supported that person.”

In partnership with the Baystate Health Breast Network and Baystate Health Foundation, the funding from the event benefits research at the Rays of Hope Center for Breast Cancer Research, breast cancer programs and services, outreach and education, and awards grants to community support programs and organizations.

A ribbon that bonds

In 2018, it was a fairly regular occurrence for Lucy and Denise to come together to share their stories and promote the event. As a result, a friendship bloomed.

“Lucy is just a ball of fire. It’s her energy and enthusiasm that gets you going,” shared Denise. “She’s so selfless. To just know what she was going through 25 years ago, and that there wasn’t a lot of research going on, and she says ‘what can I do to help other people? And look where we are.’

The feeling is mutual.
Participants from across western Massachusetts attended Rays of Hope Walk & Run Toward the Cure of Breast Cancer.

“You can tell it comes from her heart,” said Lucy about Denise’s dedication to Rays of Hope. Denise’s involvement with the organization began with some encouragement from her close friend, Tracy Whitley, who passed away in 2017 after battling breast cancer. Denise has dedicated her leadership to the event in Tracy’s honor.

Moving forward
Support continues for the Rays of Hope Walk & Run Toward the Cure of Breast Cancer. The 2018 event drew approximately 22,000 attendees and raised $611,203 – making the total raised these last 25 years over $14.8 million. The proceeds from this event stay local to support survivors and promote research.

Lucy and Denise both hope for a cure within the next 25 years so that future generations will grow up in a world without breast cancer.

“The cure could come from western Massachusetts,” said Lucy, with the same hope in her voice that helped her create this event more than two decades ago. “We’ll keep walking until we find the cure.”

“I WANTED TO DO SOMETHING FOR OUR COMMUNITY – FOR THE PEOPLE WHO LIVE HERE.”

- Lucy Giuggio Carvalho

JOIN THE EFFORT and make the pinky promise by saving the date for the next Rays of Hope Walk & Run Toward the Cure of Breast Cancer on October 27, 2019. Learn more at BaystateHealth.org/RaysofHope.
A gift for community care

In September 2018, the new Emergency Department opened at Baystate Wing Hospital. The campaign, which raised $3.15 million, exceeding its goal, was co-chaired by two community members whose humility and care for the community is evident the moment you meet them.

Ed and Ellen Noonan have spent their lives in western Massachusetts. Ed grew up in Springfield and Ellen is a Palmer native. When their community hospital needed help, they stepped up to the plate, as they have many times before. The result? They were able to help garner support for the new, $17.2 million emergency department at Baystate Wing Hospital, including a successful campaign challenge in which they matched $100,000 of donations.

Deep roots
The connection they have had with their community hospital began long before the campaign. In fact, it goes back to the mid-1970s when Ed served as a member of the Visiting Nurses Association Board. In 1984, he joined the Wing Board, serving as a member for more than 30 years, including as chair for 15 years. He is now a member of the Baystate Health Board of Trustees.

Ellen is co-chair of the Patient and Family Advisory Council for the Eastern Region, serving as a voice that represents patients at Baystate Wing Hospital in Palmer, and Baystate Mary Lane Outpatient Center in Ware.

Outside of their dedicated volunteerism to Baystate Health, they and their families have also been patients and utilized the services provided through their community hospital.

“We have kids and grandkids in the area, so they regularly visit the hospital and see the doctors,” shared Ellen with a laugh. “It will be a never-ending connection to Baystate Wing and the entire health system.”

Community connection
With locations spread out across Hampden, Hampshire, and Franklin counties, Baystate Health is represented throughout western Massachusetts. The ability for individuals to receive quality care close to home is an important benefit for Ed and Ellen and is one of the many reasons they have supported Baystate Wing and Baystate Mary Lane.

When Ed first began his business in Palmer, he wanted to be able to support the organizations that provided services to the people of Palmer and the surrounding communities, which is how his philanthropic ties to Baystate Wing Hospital began.
Ed and Ellen Noonan, center, surrounded by Baystate Health Vice President of Philanthropy and Baystate Health Foundation Executive Director Scott Berg and Baystate Health President and CEO Mark Keroack, MD, received the Impact Award at the President’s Evening of Gratitude in September 2018.

“It’s important for people to understand that it’s vital to our communities to have such resources and that healthcare doesn’t happen with just the payments that are made for services,” shared Ed.

The couple’s support of the hospital is also a way to support healthcare for those who live in western Massachusetts.

“It gives us a sense of peace knowing that we have a quality facility in our own community and we don’t have to travel too far for care,” said Ellen.

“It’s important for people to have access to care close to home,” added Ed. “We’ve been very fortunate to be able to help out and we look forward to continuing our support.”

“IT GIVES US A SENSE OF PEACE KNOWING THAT WE HAVE A QUALITY FACILITY IN OUR OWN COMMUNITY AND WE DON’T HAVE TO TRAVEL TOO FAR FOR CARE.”

- Ellen Noonan

All roads point to Baystate Health

It started with a weird cough that felt unlike any other AnnMarie Harding had experienced. So AnnMarie was checked out by her primary care physician and underwent a variety of tests in September 2017. She didn’t need an antibiotic. Instead, AnnMarie was scheduled for open-heart surgery.

Road to giving
Fast forward a month, and after the then-60-year-old was diagnosed with mitral valve prolapse, she did her homework and found that the Davis Family Heart & Vascular Center at Baystate Medical Center is nationally recognized for its high quality care. On Oct. 25, 2017, she underwent surgery to repair her heart valve at Baystate Medical Center, a decision for which she is grateful today.

“I did not realize what a tremendous facility we had here until I had a problem. Every single physician and caregiver at Baystate was so comforting,” she said. “I feel like they really helped me get through it all in the best possible way.”

Meanwhile, AnnMarie was already familiar with Baystate Children’s Hospital from her work as director of public relations for the Max Restaurant Group, including Max’s Tavern in Springfield. She serves as chair of the committee that puts together the annual Max Golf Classic fundraiser, which in the last 15 years has raised nearly $2 million to support Baystate Children’s Hospital.

A grateful patient
Fully recovered from her surgery, AnnMarie was inspired to honor the top-notch treatment she received from the medical team. So she asked her boss, Richard Rosenthal, president of Max Restaurant Group, to give the go-ahead for a new fundraiser that would specifically support the Heart & Vascular Program. This led to The Big Cocktail Party, held in June at Max’s Tavern, which featured a host of classic cocktails, food and music. Through the generous support of the nearly 400 people in attendance, AnnMarie and her colleagues presented Baystate Health Foundation with a check for $42,000.

“I do all I can to make these events great, but I can’t do it without the support of Richard Rosenthal and managing partner John Thomas,” AnnMarie said.

Richard returned the praise.

“AnnMarie’s enthusiasm and passion for a cause or an event is compelling, contagious and infectious,” he said. “She recruits unsuspecting people to volunteer and participate with the same love and desire for victory that she has.”
General Manager John Thomas, at right, supported AnnMarie’s idea to give back to Baystate Health.

TO PEOPLE WHO ARE PHILANTHROPIC AND WANT TO CHANNEL THEIR MONEY AND ENERGY TO A FACILITY THAT IS MAKING A DIFFERENCE, I SAY ALL ROADS POINT TO BAYSTATE.

- AnnMarie Harding

Baystate Health Foundation members in turn honored AnnMarie for her philanthropic spirit by dedicating in her name the very room in which she had recovered from surgery. The plaque outside Room 6105 reads: “This patient room is a gift in honor of AnnMarie Harding.”

“To people who are philanthropic and want to channel their money and energy to a facility that is making a difference, I say all roads point to Baystate,” she said.

Participating in one of Baystate Health Foundation’s signature events is a great way to support healthcare in your community. To learn more about our events, visit BaystateHealth.org/Giving/Our-Events.
Decades of dedication leads to gift for the next generation

To serve as leaders, volunteers, and stewards of the Baystate Health mission is almost second nature to David and Evie Woods. Dedicated to the health system for decades, the couple has now found a way to extend their support.

Giving back through service
“You can only accumulate so many things in life,” Evie Woods told a reporter when speaking about her service to Baystate Health back in 1998. “You begin to look at your values and realize you can only get your time to mean something from giving of yourself.”

Already busy with work and family, for Evie, it was her work as a volunteer at Baystate Medical Center, particularly in the emergency department and as a “cuddler” for newborn babies in the Davis Neonatal Intensive Care Unit, that added an extra dimension of meaning to her life.

For David, an insurance agent and business leader, it was the connections he had made and the experience he could bring to the table initially through Baystate Health’s finance committee, and eventually as the chair of the former Baystate Medical Center Board and then of the Baystate Health Board, that drove his service for more than 40 years.

Baystate Health’s lifesaving mission and the compassion and integrity of its leadership inspired David to stay engaged.

“We are so lucky as a community to have healthcare at this level,” shared David as he spoke about the medical professionals and specialists available in western Massachusetts. “The health system has stayed ahead of the future of medicine, always committed to bringing the best in care.”

Continuing their values
The Woods have provided many gifts of time, talent and treasure to Baystate Health. This year, they added one more contribution to that list – the inclusion of Baystate Health Foundation in their estate plan.

“We have always made both annual and major gifts to support Baystate Health and we want to ensure that our support and dedication continue even after we’re gone,” says Evie.

“We were happy to include a gift in our estate plans because maybe someone will benefit in the future,” said David. “People are always going to need medical care and Baystate Health is there for people from the first moment of life to the last.”

In providing enduring support for Baystate Health, the Woods are leaving a lasting legacy of their own.

“The integrity of this institution just shines through,” said David. “We want to help that continue.”
TO LEARN MORE about how you can leave a lasting legacy at Baystate Health, contact Director of Philanthropy Kathleen Bronner at 413-794-7798 or Kathleen.Bronner@BaystateHealth.org.

PEOPLE ARE ALWAYS GOING TO NEED MEDICAL CARE AND BAYSTATE HEALTH IS THERE FOR PEOPLE FROM THE FIRST MOMENT OF LIFE TO THE LAST.”

— David Woods
Baystate Health Foundation's Legacy Society members share a common bond: a vision for building a foundation for quality, compassionate healthcare and for advancing new treatments that will save lives. When you include our Foundation in your estate plans, you are helping to ensure that Baystate Health will have the resources it needs to meet the priorities of the future.

Like the many individuals listed above, you can make a commitment to lifesaving care and leave your lasting mark in our community. Please contact Kylie Johnson at (413) 794-7789 or Kylie.Johnson@BaystateHealth.org to explore options.

An endowed gift to Baystate Health Foundation will establish a permanent, living legacy – advancing world-class, accessible healthcare in western Massachusetts for years to come. Gifts to our endowment provide vital resources which allow Baystate Health to continue to deliver leading-edge care in a changing healthcare landscape. An endowed fund offers a meaningful way to link your name, or a loved one’s name, with Baystate Health in perpetuity – supporting elements of our mission that are most important to you and your family.

Clement Deliso, Sr. and Lyman Wood enjoy the President’s Evening of Gratitude in September. The annual event celebrates members of the Baystate Health Foundation Giving Societies for their generous contributions toward advancing the Baystate Health mission.
In support of a new children’s Suicide Bereavement Program, the Baystate Family Advocacy Center received a $100,000 Grief Reach Grant from the New York Life Foundation. The New York Life Foundation's generosity will provide children and families support as they navigate through the trauma and pain of losing a loved one to suicide.

Pictured, from left, are Executive Director of Baystate Health Foundation and Vice President of Philanthropy at Baystate Health Scott Berg; Senior Director of Behavioral Health for Baystate Health Matt Haas; Family Advocacy Center Clinical Grants Coordinator Jessica Wozniak-Baystate Health Foundation Board of Trustees past chair and New York Life Agent Jean Deliso, CFP®; New York Life Agent Dan Kunhardt, CLU, ChFC; New York Life Managing Partner Steven Solonch; and New York Life Administrative Partner John Six.
Celebrating the official opening of the new Pediatric Procedure Unit and the relocated Sadowsky Center for Children were the Sadowsky and Levsky families, including (left to right): Jace Sadowsky, Drew Sadowsky (holding Adelyn Sadowsky), Ashley Sadowsky, Ronald Sadowsky, Brenna Sadowsky, Barbara Sadowsky, Virginia Levsky, Jim Sadowsky, and Scott Sadowsky.

Baystate Health I&T team members Roger Fiore, Luis Rodriguez, and Norman Roldan put together the Cruisin’ For The Kids Car Show to benefit Baystate Children’s Hospital in June. Hundreds of people and almost 100 vehicles from muscle cars to antique models participated in the family-oriented summer event with all proceeds going to Baystate Children’s Hospital.
With 211 cyclists, walkers, and runners hitting the open road in support of cancer services at Baystate Franklin Medical Center, the 11th annual Wheeling for Healing Ride, Walk, Run in August 2018 was a success! Hard to miss thanks to their bright pink shirts was a team raising funds for former Baystate Franklin Medical Center employee and friend to many in the community, Holly Llewelyn, who passed away in July 2018.

Golfers, including Marc Grondahl, Scott Zielfelder, Bryan Dubois, and Tournament Chair Adrian Levsky, enjoyed a beautiful day on the course for the Baystate Children’s Hospital Golf Tournament in May 2018. Funds raised through events like this make a big difference in the lives of our patients.

Agawam High School student Amanda took her special interest in health and people to a new level as she raised funds for the Baystate Children's Hospital. Amanda was inspired by the Taylor Swift song “Ronan” about three-year-old Ronan Thompson who passed away after a battle with cancer in May 2011. She wanted to increase awareness to help and support young people in our community.

A world of magic and wonder was experienced by Baystate Noble Ball attendees in November. Mary C. O'Neil was recognized as the 2018 Baystate Noble Spirit Award recipient for her exemplary dedication to and work on behalf of Baystate Noble Hospital. Pictured, Mary's family joined her to celebrate the honor.
A special gift was given by the team from Professional Drywall Construction – carts of toys and $30,000 in support of Baystate Children’s Hospital!

Pictured, from left, are Women’s Services & Baystate Children’s Hospital Director Nancy Rines, RN, Professional Drywall Construction Vice President Nick Shaink and President Ron Perry, and Baystate Health Foundation Director of Philanthropy Kathleen Bronner.
The LEGO team raised almost $40,000 for Baystate Children’s Hospital through its 5K Family Road Race in September. The funds support the life-saving care provided daily to our youngest patients.

The Baystate Wing Golf Classic was in full swing in October, raising funds for the recently opened Baystate Wing Hospital Emergency Department. Golfers, including John Medeiros Sr., Paul Cantalini, John Medeiros Jr., and Mark Melikian, spent a sunny day supporting their community hospital.
Baystate Health Foundation continued to thrive, with $5.5 million in gifts, grants, and event revenue, up from $4.8 million last year. This is thanks to your generosity, which has allowed us to keep moving forward and provide patients from across the region with compassionate care.

Those funds went on to make a big impact, with $8.6 million disbursed across the health system to guide advances in patient care, research, technology, equipment, and patient-centric facilities.

**You helped us make this possible.**

Your support made a difference to thousands of patients throughout Baystate Health in 2018. As the needs of our community grow, so do the needs of our health system. You stepped up and answered the call to help, and for that, we are greatly appreciative.

Dennis Chalke
FINANCIAL OVERVIEW (continued)

Year Ended December 31, 2018

Contributions
$5.5 million

Distributions
$8.6 million
Charitable outright gifts, endowment gifts, planned gifts and income from gift investments have allowed us to support patient care and other needs throughout the health system.
