

VISITOR GUIDELINES during COVID-19

Baystate Noble Hospital

Inpatient, Emergency Department, Surgical/Procedures, Outpatient and Ambulatory

We strive to maintain connections with our patients and their loved ones. You play a vital role in their experience and for that we thank you! Thank you also for understanding when we must limit the number of visitors.

Baystate Health follows the Massachusetts Department of Public Health guidelines below for the health and safety of patients, caregivers and visitors. The tiers are based on the number of COVID-19 positive patients in the region and each location's tier is assessed and may change weekly.

As of November 18, 2020: Baystate Noble Hospital is Tier 4.

Tiered threat level	Tier 1 Low Risk	Tier 2 Moderate Risk	Tier 3 High Risk	Tier 4 <i>Persistently</i>

BAYSTATE HEALTH MEDICAL PRACTICES No visitors

Exceptions:

- Up to both parents/guardians for a patient under 18 years old, or younger or adult patient with legal guardians.
- For our patients with disabilities such as physical, cognitive, including patients unable to advocate or make decisions for themselves.

VISITOR ENTRANCES Main Lobby and Surgical Services entrances only

VISITOR SCREENINGS

For the continued safety of patients, visitors and staff during the coronavirus pandemic, all Baystate Health hospitals have implemented a visitor check-in log as part of our visitation policy.

- Visitors to all hospitals will be asked to provide their full name, phone number and picture ID to be recorded in the log, as well as the name of the patient they are visiting. Visitors who do not have a photo ID will still be asked to provide the above information. No visitor information will be shared with any immigration institutions.
- All visitors will be screened and must be free of any COVID-19 symptoms
- Each visitor will have their temperature checked with an infrared no touch thermometer and will be asked a series of questions about symptoms and exposure

MASKS

- At all times visitors are required to wear a mask while in a Baystate Health facility that covers the nose and mouth, even when they are in the patient's room
- If a visitor does not have a mask, they will be given one during the screening process
- Visitors who are unwilling or unable to comply with the mask requirement will not be allowed to enter or remain in the building

NAVIGATION WITHIN THE BUILDINGS

- After being screened, washing hands and placing on a mask, the visitor will report to the main information desk where they entered for help with patient room location, way finding, and general information
- The visitor will travel directly to the patient's room and wash their hands (or use hospital hand sanitizer) prior to entering the patient's room and when leaving
- The visitor will remain in the patient's room the entire time that they are visiting, will always stay at least 6 feet away from the patient (social distance), always have the mask on properly for entire time and no eating or drinking in the patient's room
 - Visitors are permitted access to food only in public retail spaces and dining rooms (i.e. Cafeteria and cafes). Visitors will follow occupancy guidelines for table and chairs for eating in the dining rooms and retail space seating.
 - Visitors are permitted to use public bathrooms
 - Visitors who do not follow these guidelines will be asked to leave the building

FOOD BROUGHT IN FOR PATIENTS

- Needs to be eaten at the time of delivery as it cannot be refrigerated or microwaved
- Visitors are permitted to eat in public cafeterias and cafes

FLOWERS No flowers are permitted from outside at this time.

Please note: Baystate Health is regularly evaluating its visitation policy in accordance with the Governor, CDC, and DPH who are monitoring the constant evolution in our region which guides our updates. Visitation is at the discretion of Baystate Health. Thank you for your understanding
